## TRACY APPEARS AT CAMP CREEK

Friends See Him and Spend Night in Camp—Secures Food—Has Wound Dressed.

DESIRES TO SEE HIS MOTHER

Convict Claims He Must Intervene Merrill's Brother—Is Well Supplied With Ammunition.

SEATTLE, July 23.—A special to Post-Intelligencer from Roslyn states that a man reported to be Harry Tracy spent Sunday and Monday at Camp Creek, 20 miles from Roslyn in Kittitas county. It is stated that Tracy went over the mountains on a freight train Saturday evening.

The story of Tracy's arrival at Camp Creek was taken to Roslyn by a miner named Elmer. It is corroborated by another miner, Tracy, Elmer states, was met by friends and they went to Cleatun Lake, where they camped for the night. Thence they went to Camp Creek and there Tracy was given food and his wound was dressed. Elmer says his wound is rather deep. Tracy, however, went fishing Monday and caught 15 trout.

Sheriff Brown, of Kittitas, and Marshal of Roslyn, refuse to believe the story. Elmer declared the murderer claimed his wife was at Palmer Junction but that he was on his way East to see his mother. After he had seen her, he said, he would be ready to give himself up.

BELIEVE IT WAS TRACY.

Demanding Supper and Departs Without Furnishing Any Information.

TACOMA, July 23.—A special from Tacoma, Wash., says that two farmers from the Bickleton country report that a man heavily armed and answering the description of Tracy held up a house at McDonald's ranch on Pine Creek and demanded supper. This was freely given, and the man departed without giving any information as to who he was.

TRACY IS NOT WOUNDED.

TACOMA, July 23.—Tracy, the outlaw, appeared at Miller's logging camp, four miles from Kanauskat, yesterday, and ate dinner. When asked why he did not take advantage of the full and escape from Green River valley, Tracy said:

"I have some business to settle with Merrill's brother. I understand that the brother wants to see me."

Tracy is not wounded and looks fresh and rested. He is wearing a derby hat; he had a slouch hat in his pocket. He still has his Winchester and two revolvers and has a good supply of ammunition.

This report comes from a reliable source to Sheriff Hartman from a brakeman who formerly worked on the Northern Pacific, and was in Miller's camp and knew Tracy years ago as a Tacoma brakeman.

SUPPOSED TO BE NEAR SALEM.

SALEM, July 23.—A special from Woodburn tonight says that Frank Pickens met a man answering the description of Tracy near the town this evening. He was riding a bicycle and was heavily armed. Three armed men were seen at Hubbard a half hour earlier.

The prison authorities here were notified, and extra guard was put on the prison wall.

JEFFRIES AND FITZSIMMONS.

Jeffries the Favorite, but Considerable Fitzsimmons Money in Sight.

SAN FRANCISCO, July 23.—Consensus of opinion seems to be that Fitzsimmons' age and the difference in weight are against the chances of the Cornishman and that Jeffries is the logical winner.

The sale of seats, the club managers state, has almost reached the \$20,000 mark. The betting odds find Jeffries still the favorite at 2 to 1, and 10 to 4, with considerable Fitzsimmons' money in sight.

Sporting men from all over the country are arriving hourly.

BOATS COLLIDE DURING FOG.

SAN FRANCISCO, July 23.—The steamer Santa Monica arrived from Eureka this afternoon and reports having been in a collision with the

steamer Iroquois, outward bound from this port for Eureka, during a heavy fog this afternoon. The bow of the Iroquois was badly damaged, but proceeded on her journey. The rigging of the Santa Monica was partially torn away.

DARING HOLD-UP ON THE MEXICAN CENTRAL.

Thieves Secure Over \$50,000—No Clue as to Who Men Were.

EL PASO, Tex., July 23.—A daring hold-up took place on the Mexican Central about 12:30 o'clock yesterday morning. At Bernillo, three Americans boarded the train, two securing themselves on the blind baggage and the other entering in third-class coach. As soon as the train pulled out, the two riding on the blind baggage entered the express car, and covering the messenger with their guns ordered him to throw up his hands. The messenger offered no resistance. The robbers then went leisurely through the safe, securing \$50,000 in currency, consigned to Banco Minero, at Chihuahua. They also took all other money packages that were in the car and dropped off the train as it was slowing down.

ITALIANS CAUSE RIOT.

Collector Calls for Bill and Is Clubbed—Police Force Has Severe Battle.

NEW YORK, July 23.—Many heads were broken by the police in dispersing the crowd of 2000 men and boys in Havemeyer street, Williamsburg. Stones were thrown and shots were fired and Felix Effner, the innocent cause of the whole disturbance, was taken to a hospital with a fractured skull. A few days ago an Italian was fatally injured in a fight and a meeting was held at his home at which it was decided by those present that he had been clubbed to death by the police.

Felix Effner, a collector, happened along, about that time and called next door. The payment of his bill was refused and he was thrown into the street. The police were called and in a few minutes a general fight was in progress. The police reserves were sent for. By the time they arrived, a crowd of 2000 men, women and children filled the street and the police charged them. Many shots were fired, but the bullets struck no one, although many stones and clubs did execution on unprotected heads.

DEAD BODIES FOUND ON BEACH.

Mrs. Carpenter, of Butte; Miss Denlap, a Nurse, and Stanley Healy, of Vancouver.

NOME, Alaska, July 12, via Seattle, July 23.—The revenue cutter Bear, Captain Tuttle, reached here this morning from the west, her first appearance this spring.

The dead bodies of a man and two women were found on the beach 23 miles west of here, Thursday morning. They were bodies of Mrs. A. L. Carpenter, of Butte; Miss Denlap, a nurse, and Stanley Healy, of Vancouver. Wash. The party left here last Sunday to go to Sitka. Wednesday night there was a storm and they must have been swamped in a heavy surf while trying to make the landing.

CONGRESS APPROPRIATIONS.

For Accounts Resulting From President McKinley's Illness Will Be Paid at Once.

WASHINGTON, July 23.—Secretary Shaw and Secretary Cortelyou had a final conference today regarding the payment of the accounts resulting from the illness, death and interment of President McKinley. The treasury department has sent a notice to every person who is to receive any of the appropriations made by congress for the purpose, to forward the claim and voucher when money will be transmitted shortly thereafter.

CONFIDENT OF ROOSEVELT AND HENDERSON.

NEW YORK, July 23.—Representative W. P. Hepburn of Iowa, who has been a visitor at President Roosevelt's home in Oyster Bay, said:

"I have been away from home so much that I am not fully in touch with Republican plans, but I am confident that our next state convention will heartily endorse President Roosevelt's administration."

"I know nothing of any plan to present Congressman Littlefield's name to succeed Speaker Henderson in the next house. I am confident that General Henderson will be chosen again for the speakership."

CHINA STEAMER CAPSIZES.

HONG KONG, July 23.—A native steamer has capsized in West River, and 300 persons were drowned.

## FAITH FAILS TO CURE DIPHTHERIA

Three Children Die of Disease Who Are Denied Medicine by Their Parents.

FOLLOWERS OF FAITH CURE

Coroner's Jury Holds Parents Responsible for Death—Not Permitted to Administer Antitoxin.

SPOKANE, July 23.—By the verdict of the coroner's jury, Mr. and Mrs. E. G. Graham, of this city, caused the death of their three children by criminal negligence. The inquest resulted in a verdict "that death was caused by diphtheria and that the parents, E. G. Graham, and his wife, Rose Graham, are guilty of criminal negligence for failing to employ or accept skilled medical assistance."

The jury also recommended that a state law be passed covering such offenses and fixing a penalty. Mr. and Mrs. Graham are members of the Society known as the "Church of God," and do not believe in medicine, though surgery is permitted. When the children became sick they were anointed by an elder of the church. Later a doctor was called and was allowed to anoint the children's throats, but not to give them anti-toxine. Three died, one recovered.

Whether the parents will be prosecuted has not been determined.

SALT TRUST CUTS PRICES.

Big Reduction Will Be Announced by the Federal Salt Company.

PORTLAND, July 23.—A salt war is promised in this city, according to the announcement made today by the Federal Salt Company, known as the "Salt Trust," which controls the salt product of the Pacific coast. About three weeks ago the Federal Salt Company made a reduction of \$8 per ton, in price of sale, and today the announcement was made that a further reduction of \$6 per ton would be made tomorrow. Before the first reduction was made salt was selling at \$28 per ton. The ship Sierra Estrella from Europe is now unloading a cargo of salt at Portland dock; four more vessels will follow with salt cargoes.

PARAGUAY INTERESTED IN FAIR

Will Have an Exhibition at the St. Louis Exposition.

ST. LOUIS, July 23.—Russell Stanhope, secretary of the committee on foreign relations of the Louisiana Purchase Exposition has received a letter from Ruffin, United States consul at Assumption, the capital city of Paraguay. Mr. Ruffin states that this is the first time Paraguay has taken such an interest in a world's fair, and that the president of the republic will soon issue a decree providing for the exhibit.

The executive committee of the exposition has approved the recommendations to grant building space for the erection on the fair grounds of the House of Hoo-Hoo. The organization of Hoo-Hoos is known throughout the country as being comprised of lumbermen and the building will be typical of woodwork. It will not contain exhibits, but will be formed to represent the symbolical letter "H" and every room will be finished in a different wood, as an object lesson of the architectural utility of wood construction and the art of interior finish.

CORONATION TO BE QUIET.

King Desires but Little Decoration—Will Return to London August 7.

NEW YORK, July 23.—Overzealous police officials will not secure the removal of the Canadian arch as a public nuisance from Whitehall, says a London dispatch to the Tribune. The coronation committee of the City of Westminster has authorized Commissioner Preston to re-decorate the arch and fluminate it on coronation night. Otherwise there will be no public scheme of decoration for the streets in accord with King Edward's wishes. There is no sign of a revival of speculative activity in the sale of seats, nor will it be possible to obtain high prices without a guarantee of a return of the money in the event of a second postponement.

There will be a large number of absentees among the peers at the Abbey

service. Many are without houses in London and are frightened by the cost of every for coronation day, since they cannot drive to the Abbey in cabs, but must go in splendid state. It is reported that the king will not return to London before August 7 and that he will return to Cowes two days after the coronation.

DROPS DEAD AT MURDER TRIAL.

While Listening to the Trial of Murderer Donaldson, a Dry Goods Merchant Expires.

NEW YORK, July 23.—As the first witness in the trial of Austin B. Donaldson on the charge of killing Louis N. Meyers was testifying at Richmond, Staten Island, an old man who had been an interested listener, fell out of his chair, and when the spectators raised him from the floor he was dead. He was identified as Jacob Levy, a dry goods merchant. His sudden death caused a great sensation in the court room, but after a short delay the trial proceeded.

No One Is Injured—Both Engines Were Ditched.
